

Lighthouse Lamp 32

The Lighthouse Lamp 32 represents an ancient idea in light projection whereby light rays are transmitted through a fresnel lens to create a single brightly focused beam. The shade offers 360 degree adjustability with a fully dimmable halogen light source. The base and collar are both machined aluminum; the reflector on top is an acrylic lens.

The Lighthouse Lamp 32 also features a cotton lycra fabric diffuser that allows the user to both project light vertically and reflect light in the direction they desire. Diffuser is white stretched lycra over a wire underframe.

Specifications

- Dimensions: 32h x 19w x 4d
- Shipping Weight: 10 lbs
- Cord Set: Clear with white full range dimmer
- Bulb: 75 Watt (75 watt maximum) Par 30 Narrow Spotlight Bulb 130 volt (included)
- Manufacture: USA
- Designer: Pablo Pardo
- Design: 2000

Care and Maintenance Instructions

To obtain the best performance from your new lamp please follow these instructions.

Changing Light Bulbs: To change the light bulbs, please do the following.

1. Unplug your lamp.
2. Lift the collar and reflector straight up from the base. Once the shade is off, replace the bulb and put the shade back on. Use only a 75 watt maximum Par 30 bulb. Otherwise you risk damaging the shade.

Cleaning: To keep your Lighthouse Lamp clean, wipe with a clean damp cloth.

Troubleshooting

If The Lamp Does Not Work: Please follow these instructions.

1. Light bulb may have loosened during shipping. Make sure light bulb is threaded in properly.
2. If lamp continues to not work, change out with a new light bulb. If after that the lamp still does not work, you may have a faulty cord set/socket. Please notify Pablo for a repair/return instructions. A new dimmer replacement can be ordered directly from our contact information.

Bulb: (1) 75 Watt Par 30 Narrow Spotlight Bulb 130 volt (Included)
