LIM™

LED Task Lighting System

LIM LED Task Lighting System

LIM is a multi-purpose, multi-task LED light with elemental structure and multiple configurations for residential, office, institutional, and hospitality applications. Its refined and elegant arm discreetly attaches via magnet and conceals an array of high powered LEDs to magnify a brilliant, warm, and dimmable light source. LIM is truly a sustainable lighting solution that minimizes the use of material while offering the highest level of light control and energy efficiency available in the marketplace.

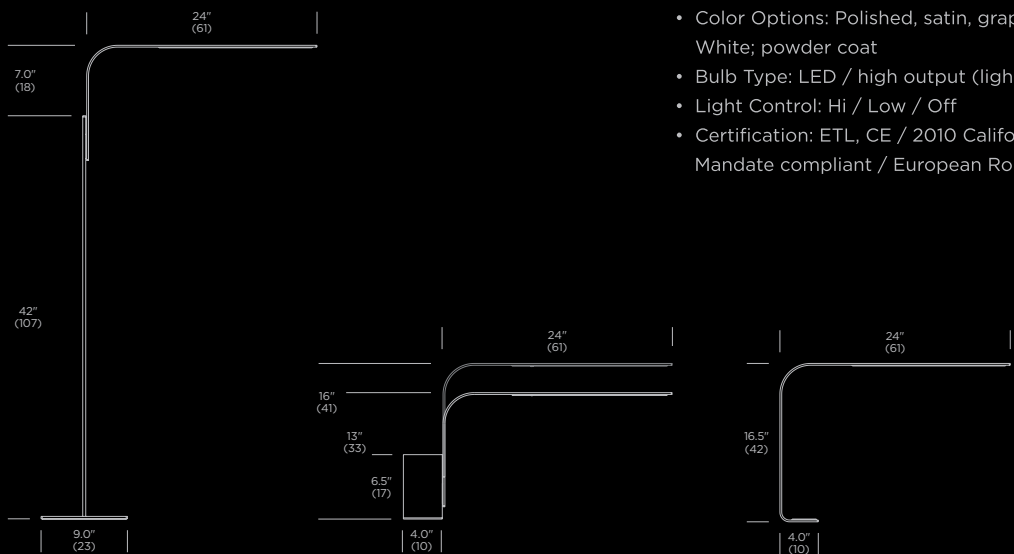

LIM is offered in multiple pivot platform models which includes LIM L Table, LIM L Floor, and LIM C Undersurface Mount. They all utilize an ultra-slim extrusion profile arm with magnetic attachment. LIM Floor can be specified using multiple arms to provide both maximum light coverage and varying light height capability. LIM C is a remarkable display of less is more, allowing for undersurface mounting to free up valuable tabletop real estate.

Design: Pablo Pardo 2009

Awards: 2009 Best of Neocon Silver / iF 2010 Product Design Award in Germany

SPECIFICATIONS

- Materials: Aluminum arm and base sleeve, steel insert, polycarbonate lens
- LIM L Table Measurements: 28" (71cm) W x 12" - 16" H (31-41cm) x 3" (8cm), 9 lbs (4 kg)
- LIM L Floor Measurements: 29" (74cm) W x 42" - 51" H (107-130cm) x 9" (23cm), 9 lbs (4 kg)
- LIM C Measurements: 24" (61cm) W x 16" H (41cm) x 1" (2.5cm), 3 lbs (1.4 kg)
- Color Options: Polished, satin, graphite; anodized aluminum. White; powder coat
- Bulb Type: LED / high output (light emitting diode) 3300K
- Light Control: Hi / Low / Off
- Certification: ETL, CE / 2010 California Energy Mandate compliant / European RoHS compliant
