- Designer: Pablo Pardo

- Design: 1997

- Colors: White, Silver, Plum, Black, Ice Blue

Care and Maintenance Instructions

To obtain the best performance from your new lamp please follow these instructions.

Changing the Bulb: To change the light bulbs, please do the following.

1. Unplug the lamp.

2. Remove the shade by simply pulling the bulb clip from the light bulb. You can now replace the light bulb.

- Small & Large Umbrella: Use only a 60 watt G16 bulb*.

- Floor Umbrella: Use only a 75 Watt A19 bulb*.

*Do not exceed recommended wattage. Using a higher wattage bulb will risk burning the lycra shade.

3. Once the bulb has been replaced simply clip the shade back onto the light bulb.

Cleaning: To keep your Umbrella Lamp clean, simply wipe with a damp cloth. The shade is machine washable (once removed from its wire frame) and the fabric is air dryable.

Troubleshooting

Umbrella Shade is Damaged: If the fabric shade is marred or torn, remove the shade from the wire frame. To do this, simply pull the metal tips straight off the wire frame.

If The Lamp Does Not Work: Please follow these instructions:

1. Light bulb may have loosened during shipping. First, unplug the lamp. Next, make sure light bulb is screwed in properly. Plug lamp in and check to see if it works.
2. If lamp still does not work, unplug the lamp and change out with a new light bulb. Plug the lamp back in and check.

If lamp still does not turn on, you may have a faulty lamp base. Please notify Pablo for repair/return instructions.
